

OVERBERG SMALL GRANTS: COMMUNITIES IN CONSERVATION

Applications deadline: 17:00 on 31 October 2018

Funding cycle: 1 January to 15 September 2019

Email to: overbergsmallgrants@gmail.com

Post to: P.O Box 148, Gansbaai, 7220 (Attention: Lily Upton)

By hand: Grootbos Foundation or Whale Coast Conservation offices

Whale Coast Conservation and the **Grootbos Foundation** have been appointed by the **Table Mountain Fund** to administer small grants facilities. We are looking for 14 projects that will grow the Green Economy and provide social upliftment within the Overberg Region.

The **Grootbos Foundation/Whale Coast Conservation** aims to assist local organisations and individuals to facilitate **conservation** projects in the Overberg District through the allocation of small grants,

1. To support the growth and development of new entrants to the conservation sector;
2. To facilitate the inclusion and involvement of a wider range of stakeholders in conservation;
3. To support coastal and marine conservation initiatives;
4. To mentor social enterprise development projects which create income for impoverished communities via conservation-based activities; and
5. To facilitate alien clearing by empowering local contracting teams.

Applications will be adjudicated by a joint **Grootbos Foundation/Whale Coast Conservation** committee. Only one application per organisation is eligible for a grant of not more than R30 000 in the 3 year funding cycle. Preference will be given to projects that promote conservation and can show positive environmental change. .

Please attach the following documents to your application:

- A copy of your ID or business registration
- Proof of bank account
- Any letters of authorisation needed to complete your project
- Quotes for any equipment more than R1000 in value

Please note: no late applications will be accepted. No applications submitted after 17:00 on 31 October will be accepted.

SMALL GRANT SUMMARY

1.	PROJECT TITLE		
2.	APPLICANT		
3.	BENEFICIARY OF GRANT	Full registered name of the entity or Full names of an individual:	
		Company/Trust/NPO registration number or ID no if an individual:	
4.	BENEFICIARY'S ADDRESS	Physical Address:	
		For attention:	
5.	PROJECTED PROJECT DATES	Start Date:	
		End Date:	
6.	PROJECT MANAGER	Name:	
		Designation:	
		Tel number:	
		Email address:	
7.	MENTOR TO BENEFICIARY: (Other than Small Grant facility manager)	Name:	
		Designation:	
		Tel number:	
		Email address:	
8.	FUNDS APPLIED FOR	(GRANT LIMITED TO R30 000)	
9.	FUNDED BY		
			
11.	BANK ACCOUNT		
	Name of account holder:		
	Bank:		
	Branch:		
	Branch code:		
	Account number:		
	Account type:

GUIDELINES FOR REPORTING - In the event that your project is approved, you will be required to report on the following:

Funds for projects are provided by the Grootbos Foundation/Whale Coast Conservation/Table Mountain Fund, and consequently the Grantors are accountable to the funders for the way in which those funds are spent. Thus an essential condition of any grant is that the Beneficiary reports on project progress and expenditure as specified in the contract. The Beneficiary confirms that they are aware that project reporting not only plays an important role in enabling the Grantor to monitor its support for conservation activities, but are equally important to meeting its commitments to the Table Mountain Fund.

In order to standardise and simplify reporting procedures, the following format should be used.

Narrative Report

The Beneficiary shall furnish the Grantor with a preliminary report by 1 June 2019 and a final report within 1 (one) month after completion of the project or before 15 September 2019. The final report should account for the **entire duration** of the project. Information should be presented in the following sequence:

1. Project number and title.
2. Name, organisation and contact details of executant.
3. Reporting period.
4. Project summary (please provide a one-paragraph summary of the scope and objectives of the project).
5. Summary describing the project's conservation impacts achieved.
6. Project objectives (please refer Annexure "B").
7. List significant changes to the objectives (if any) during the reporting period.
8. Describe progress towards the achievement of the objectives. Include any outputs not achieved and why.
9. Describe any constraints that may have affected progress and measures taken to address them.
10. Discuss the sustainability of the project once the grant funding has been used.
11. Referring to the financial report, explain any variances between budget and actual expenditure, relating them to the progress of the project.
12. Equipment status: List the items of capital equipment purchased with project funds and state their age and condition.
13. Describe any lessons learned, and provide any recommendations.
14. Provide a statement of conclusion which summarises the successful completion and conservation value of the project.
15. Acknowledgement of the Grantor and Table Mountain Fund.

Financial Report

The Beneficiary shall furnish the Grantor with a financial report with the final report. The final financial report must be submitted within 1 (one) month after completion of the project. The financial report should take the form of a Statement of Income and Expenditure as indicated in the table below. The final financial report should account for the **entire duration** of the project.

Code	Item	Budget (as per Table below)	Actual Expenditure	Variance
	TOTAL (per year)	R	R	R

The Beneficiary must retain documentary evidence of expenditure (vouchers, receipts, etc.) and submit these to the Grantor for audit purposes, if required.
